Can you hear me? S O S—

Help me put my mind to rest

Two times clean 'gain I'm act - in' low—

A pound of weed and a bag of blow

I can feel your love

Pul-lin' me up from the un-der-groun

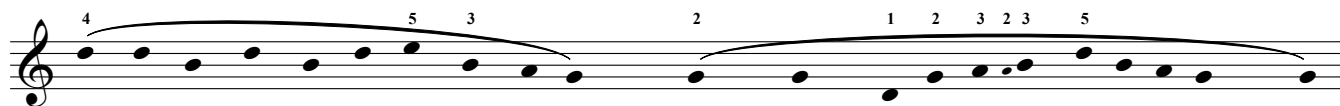

I don't need my drugs, We could be more than just part-time lo vers

I can feel your touch

Pick -in' me up from the un-der-ground

I don't need my drugs,

We could be more than just part-time lo-vers

We could be more than just part-time lo-vers
